

### **After Hours Procedures**

When our office is closed, there is always someone available 24 hours a day to handle urgent needs. Please visit our Online Nurse first. If this is not helpful simply call our office at 256-237-0023 and our answering service will assist you. A Pediatric Triage nurse will return your call and address your concerns. Our triage nurses are specially trained by Children's Hospital of Birmingham to give you advice and instructions. We usually refer our patients to RMS or Stringfellow Memorial hospital because of continuity of care. We are electronically connected with these two hospitals. As always if you feel your situation is an emergency please call 911.
