

Appointments

Appointments are made for the convenience of both the patient and the physicians. Our physicians see patients by appointment on Monday through Friday. Patients with appointments are given priority, except in the case of an emergency. Due to the nature of a pediatric practice, unexpected scheduling problems do occur. For these times, rest assured we will do everything possible to adhere to our schedule. If for some reason your wait is longer than you anticipated, you may choose to continue to wait, see another physician in our practice, or reschedule your visit. Appointments may be scheduled by calling (256)237-0023 during regular office hours. When scheduling an appointment, please advise the appointment clerk of the type of problem for which you are scheduling the visit. This information will assist the appointment clerk in scheduling the appropriate amount of time necessary to assess your child's medical needs.

During the winter months Saturday and Sunday office hours are reserved for sick children only. Patients are seen on a walk-in, first come first served, basis.

Should you find that you are unable to keep an appointment, please notify us as soon in advance as possible. This will allow us to use this time for other patients. We do not feel it is appropriate to continue scheduling patients who repeatedly fail to keep their appointments and do not cancel in advance.
